

**A-series defines the standard  
for vibration testing.**

# A-series launched

— Automotive Testing Expo 2016 Europe Invitation —

Dear Customer

This is to inform you that IMV CORPORATION, the world's leading electrodynamic vibration test systems manufacturer, will be exhibiting at the forthcoming "Automotive Testing Expo 2016 Europe" in Messe Stuttgart, Germany. We will be introducing our newly launched 30kN and 65kN A series shaker. Please visit our booth No.1658. We are looking forward to meeting you.
